- TEACHING IN A CHURCH SCHOOL DURING MISSION CONFERENCE.

Dear Friends, Pastors & Missionaries:

I don't often get to preach in a mission conference because there are not many who can preach in Japanese when I am away from my Japanese Church services here in Springfield. But I was privileged to preach in two mission conferences this past month. The first one was at the Indianapolis Baptist Temple, Greg Dixon, Pastor. We had

a great M/C there. Bro. Dixon challenged the people to take on 10 new missionaries each year for the next 8 years. Needless to say, I became one of them. There were 4 saved during the service and 1 after the service. My daughter Ruth, who is a member there, led 3 of them to the Lord. From there I drove to Community Baptist Church of Andalusia, Illinois, Bill Gluck, Pastor. Again I was privileged to present my Faith Promise House of Faith power point presentation in addition to preaching. I felt an excitement among the people for missions. Pastor Gluck's wife passed into Heaven about one year ago and has decided to start a Precious Memories Support Ministry there. With Dixie in heaven also, Bro. Bill and I have an extra close relationship.

BUT NOW, I MUST TELL YOU WHAT HAPPENED. It seems when things are going great for the cause of Christ, the devil attacks. While in Andalusia a pain hit my chest. It became so severe one night in the motel room that I almost called 911 for an ambulance, but didn't. I managed to present the Faith Promise House of Faith teaching during Sunday School, but it was decided to have another missionary preach the morning service in my place. Immediately after the AM service was over, two men from the Community Baptist Church drove me part way to Springfield while my son Paul and a man from Grandview Baptist Church drove part way to meet us to take me to the Emergency Room in Springfield. The doctor was upset with me because I came 7 hours with chest pain. After a barrage of tests, they said they didn't know the cause. All of my major organs are in good shape (heart, gallbladder, etc). They think it is an ulcer, so I am on medication now. I will be up and at 'em in no time flat, but keep praying for me.

Yours, Serving Our Saviour, together,

Bill

PRAYER REQUEST: Pray for my sister Flora who has cancer and will have operation the week of Nov. 25. I don't know actual date.
