APRIL 2014

SOS SOULWINNING, PRECIOUS MEMORIES SUPPORT MINISTRY, AUTHOR: NO MORE TEARS, INTERNET PREACHING VIA YOUTUBE & WEBSITE

Dear Fellow Missionaries, Pastors & Friends:

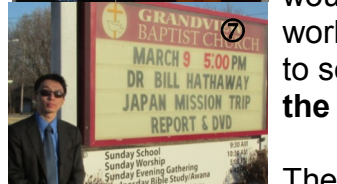

Another month has passed, and what a month it was! It was jam-packed with opportunities to **preach** in both English and Japanese at our regular Japanese services, once in a while for the Grandview Baptist Church (see picture #7), then there are the **Japanese Ladies' Bible Study** (#1), **hospital visits** (on others), **visitation**, the monthly **Precious Memories Support Ministry luncheons**, and my involvement in the **SOS Soulwinning** program. Margaret is sure enjoying being a missionary wife and is greatly involved.

Besides a great month for our ministries, I must make a plea for special prayer. It seems it was my time to have physical problems. First I had a sleep test. It seems I stop breathing when I'm sleeping, so now I have **sleep apnea** and have to use a **CPAP**. Then I didn't like hearing that I have **emphysema**.

Despite these minor problems, I feel the same as always and it hasn't slowed me up one iota. The work goes on as usual; maybe even more. As for Margaret, you would never know she had a 4-stent operation about 7 months ago. She now works out at home before going to the fitness center to work out there. See pix #5 to see her in the shirt she was awarded for going there 1000 times. **She taught the final lesson on the book of Ruth to the Japanese ladies this week.**

The **churches in Japan** that we started way back in the 50's, 60's and 70's continue to prosper. I periodically hear how things are progressing. Those churches have started other churches and those churches have started other churches, so I have no idea how many churches have resulted from those early days in Japan. On my last trip there, I preached in many churches. Every so often someone that I don't even know told me, "If you hadn't come to Japan, I might never have been saved and our church might never be here." Well, all I can say is, **"To God be the glory!"**

I hope you enjoy the pictures I put in my monthly prayer letters. This time I put 3 really old pictures there. Time has a way of marching on. I believe we are in the night time of world history. **What we do for the Lord must be done now.** That's

why Margaret and I have decided to keep Serving Our Saviour until He calls Margaret and I home, or all of us home at the rapture. I'm looking forward to that day! What a day of rejoicing that will be! To those who support us, we want to say "thank you very much."

God bless you,

Bill & Margaret
