**OUR JAPANESE CHURCH TO BENEFIT FROM NEW BUILDING.**

With summer about over, things are beginning to speed up. Our Japanese members are coming back from vacationing in Japan and elsewhere. The children's' meetings have started up since they took a summer break. With the universities and schools back on full schedule, we hope to reach some new Japanese people.

The Grandview Baptist Church where we have our Japanese ministry is in the process of enlarging their buildings. The auditorium will be double it's present size. They will also have a completely separate room and entrance for our Japanese Church services. We are excited about that.

**PRAYER REQUEST:**

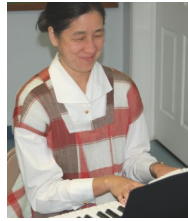

Recently I've been diagnosed as having emphysema and hardening of my lungs. I am keeping as busy as ever with preaching, visiting the sick and Soulwinning. However, I have shortness of breath at times. It has not interfered with my Japanese ministry, but I do need your sincere prayers.

**The greatest reward of all is meeting those you lead to Christ in HEAVEN.**

The house we are renting has a problem with mold under the house. It has affected my health. I have a CT Scan, Lab work and other tests scheduled at the VA Hospital during the next 2 weeks. Because of this, we have been advised to move. Margaret owns a house. It's really too small, but we've decided to down-size and move there. We plan to move by the end of September, so we need your prayers as we move. I don't like moving, but in this case, it is absolutely necessary for health reasons. While we are moving, the ministry will continue as usual, so we do need your prayers and financial support. With just 6 supporting churches, we ask for your monthly financial support. Please let us know that you will do so

**PRAYER REQUEST;**

Please pray for HIDEKO. Shortly after we celebrated her 86th birthday, she had a stroke and was hospitalized. She is now recovering in a Skilled Nursing facility. She needs your prayers.
